Dear Friends of Hotel Gračanica,

One of the highlights of the Amsterdam Light Festival in 2017, now at our hotel: Driton Selmani's light installation *Eye to Eye!* The original was 11 m high and 3.50 m in diameter, we have the artist's model 3.20 m high and 1.60 m in diameter. You are cordially invited to the

Inauguration on Friday, 27 May, at sunset, i.e. at 20:02

About the original installation, Roos Hollander, the curator of the Amsterdam Light Festival wrote: "Driton Selmani's installation *Eye to Eye* represents a giant eye-shaped amulet that serves as a tool to protect mankind, animals, and the surrounding landscape from the evil eye. Selmani magnified this familiar pop icon to become an instrument that protects the city of Amsterdam, its inhabitants, and its visitors not just from the evil eye, but from all forces of darkness. At the same time, *Eye to Eye* stands as a landmark that watches over us and speaks eye to eye with our deepest selves."

We hope that now "Eye to Eye" will now protect the hotel and guests from all evil!

If you don't have time to come to the inauguration: The *Eye to Eye* will light up automatically every day when it gets dark

Our artesian mineral water is finally flowing again, after one year! The water level has dropped, so the pressure is not sufficient for the more elegant pipe we had before, but at least we have the water again. And as our guests tell us, it can cure heartburn, gastritis, duodenum ulcers, dissolve kidney stones and heal akne... Many come to fill up bottles with it.
